## BLACK EYE ON HALLOWEEN

Being Converted Into a Feast of Anarchy Instead of Amusement

Many Reports of Destruction of Property Around the City

Rowdiness and vandalism marked the celebration of Halloween in this city last night, and the sooner this feast or night of revelry is erased from the calendar of American celebrations, the more fortunate we will be, if it is to continue to grow worse as it has in the last few years.

There was a time when it was a joyful occasion, and many delightful modes of entertainments were indulged in, in our best homes, but in recent years, it has been the occasion for rowdies to participate in the destruction of property and in some instances, (for example last night) to make brutal attacks on people. It lets down a barrier for a class of people that must be restrained from committing violence constantly by the officers of the law.

It is high time for the authorities to make an example of these rowdies, and arrests should be promptly made and the guilty ones severely punished. It is time for these young men to learn that such excesses are not to be tolerated. The authorities are usually slow in arresting and punishing children, and on this account boys and young men have no respect for law and order. If parents are lax in looking after their "hopefuls" the paving of a few fines will quickly bring them around to their duties. The ruffianism last night was never before carried any farther in this city, and for this reason the proper authorities should teach these young men a severe lesson right now. It will have a wholesome effect in the future.

### HALLOWE'EN NOTES.

An old man residing on North Main street reported this morning that vandals entered his barn last night and cut off his horse's tail. Docked the horse, as it were, for laying off.

Three watchmen protected the Graham school house, during a vigil until early this morning.

Bert Meredith awoke to find that he was the possessor of a swell buggy, presented to him during the night, and delivered F. O. B. on the top of his wood shed.

Many steps were taken from in front of residences, and if the parties, who carried them away are found, they will be taught to take a better and different step in life. These steps lead to the lock step.

Extra police were on duty last night.

Officer Pea kept everything quiet in the West End last night, and reports that little or no destruction of property occurred in his beat.

A. M. Merrill, the grocer, took the front wheels off his delivery wagon to keep anyone from pulling it away, but found this morning that unknown parties had made away with his wagon which was found near the city park.

Pearsey's grocery store awning was decorated with a large pair of steps, hanging high and dry.

A large crowd attended the Halloween masquerade dance in the Modern Woodmen's hall last night.

Dick Wilson was in Indianapolis today transacting business.

Miss Blanche Morris, of New Castle, and Mrs. A. O. Morris and Mrs. B. L. Herrtage, of Knightstown, are the guests of Mr. and Mrs. Douglas Morris and family.

John A. Titsworth is expected home from the South either tomorrow night or Saturday morning.

Mrs. L. R. Crippen, of Milroy, was here today, transacting business.

## WOOD STUDY WILL LOCATE IN NEW YORK

A telegram was received yesterday from Wood Study, saying that they were on their way East, and would go through Indianapolis Friday. Mr. Study was formerly book-keeper in the Farmers' Bank here, and together with his wife, removed to Spokane, where he worked in the auditing department of the Spokane Inland interurban line. The climate in the western country did not agree with them, as they were obliged to live in a new town which was comprised chiefly of tents, where the interurban company was trying to make a boom town. Mr. Study's mother lives in New York City, and for some time has been endeavoring to get him to locate in that city. They are on their way to New York City now, to make that place their future home.

## MONDAY IS LAST DAY FOR TAXES

Payment this Year Has Been Steady But Some Always Wait Until Last Day

The last day for paying your taxes is very close, next Monday, Nov. 5th, and the usual rush is bound to occur. There are yet a few days left on which you can get in before the rush and it is always better and more satisfactory. The county treasurer's office has been a busy place for the past month and is getting busier every moment and the final stampede is about to begin.

The payment of this fall's taxes has been a steady stream for the past six weeks. People have plenty of money, have been mindful of their duty to their government and there has been little or no complaint or hesitancy about contributing. Such a condition is always pleasing to the manufacturer and his assistants, for it makes their work much easier.

Also bear in mind when you go to pay your taxes just what you want to pay on. Remember that the treasurer is not supposed to know the location of the holdings of the many thousands of taxpayers.

The collecting of city taxes under the new law adds much work in the county treasurer's office.

### LOCAL BREVITIES

Today is November 1st—all day today.

Today is the feast of All Saints, a day kept holy in the Roman Catholic church.

Hargrove and Mullin are putting new linoleum on the floor of their drug store.

Miss Dorothea Moor, who has been ill for the last three weeks, was able to be out today.

Owen L. Carr will move into his beautiful new residence, corner of Fifth and Perkins streets, next week.

The Lewisville Enterprise, a weekly newspaper published by E. W. Robeson, has suspended publication. Editor Robeson gave as his reason not the usual patent reason for the discontinuance of country weeklies, lack of support, but the fact that he had been in Lewisville a year and had not been able to find a suitable house in which to take his family to live.

Miss Pansy Hall is the guest of Thomas J. Meredith and family on North Morgan street.

Mrs. P. A. Miller has returned from Kramer, Ind., much benefited by the mud baths there.

Miss Gertrude McBride, of Knightstown, was the guest of Miss Belva McBride, yesterday.

Dr. and Mrs. Carl Beher entertained Miss Helen Campbell and Walter Havens at dinner yesterday evening.

## JUST ANOTHER GREAT NIGHT

Feast of Brilliant Oratory and Palatable Food at Meeting Saturday Night

Six O'clock Dinner, With Brass Band, Quartette and Jubilee Singing

And Saturday night is to be another great night. Gurley Brewer, the capable colored orator of Indianapolis, will deliver a speech on the political issues of the day at the city opera house, and it is desired that a large crowd turn out to hear the Booker T. Washington of Indiana.

A sumptuous six o'clock dinner will be served by the leading caterers of the city, and many tables will be provided with the plenty of the land, symbolical of the prosperity we are now enjoying under a Republican administration of affairs.

After the feast of palatable food-stuffs, a feast of oratory will flow, and several impromptu speeches will be made in addition to the Brewer speech by prominent local men and representative citizens. Music will be provided by a brass band, jubilee singers and a colored quartette.

Another banquet will follow the speech making and a liberal supply of chicken, oysters in every style, ice cream, etc., will be found on the banquet tables.

If there is no hitch in the program, in the present calculations, it will be one of the best and most attractive meetings of the campaign.

## JOHN L. GRIFFITH PRAISES WATSON

Says He is Acceptable to More People than Any Man in the Country

Speaking of Congressman James E. Watson, yesterday after the speaking, John L. Griffiths, Consul to Liverpool, said: "The people here do not seem to realize what a big man Watson is. Why, you hear of him all over the country, and you cannot place too high an estimate on the man. There isn't a man in public office today, who is more acceptable in the speech making line, from one end of the country to the other, under any and all conditions, than Congressman Watson, and the National Bureau of Speakers were aware of this, when they secured him to cover the country, making speeches everywhere. And it has done him much good, and the world will hear from him sooner or later—he's a great man."

## CAREFUL EXPENDITURE OF THE STATE FUNDS

The Board of Trustees of the East Haven Insane hospital met at the State house yesterday to make their annual settlement with the auditor of State. The Board turned back into the State treasury \$6600, money appropriated for their disposal in conducting the asylum, but by an economical administration of the affairs they managed to save the State this sum of money.

W. A. Carson, the resigned secretary of the general superintendent of the I. & C. left yesterday to assume his new duties on the Indianapolis, Columbus & Southern traction line, in Columbus.

John Wallace, of Indianapolis, is visiting Wilber Beaver, of North Morgan street, for a few days.

## RAILROADS MUST BUILD CONNECTING SWITCHES

In deciding that he C., H. & D. and the Big Four Railroad Companies must build a switch between their lines at Connersville. The Indiana Railroad Commission in Indianapolis, yesterday, established the opinion that "all railroads that cross each other in the State shall make physical connections and interchange business," whether the crossings are made at grade or not.

For some time the shippers at Connersville have been clamoring for a switch between the two roads at that point and the railroads have been fighting the proposition for the reason that the proposed switches could not be at grade.

Jack Reed and John Fielding, two progressive farmers, living near Glenwood, have just finished "harvesting" an apple crop of 6000 bushels, which was shipped to the larger cities. They received a good price for their fruit this season, notwithstanding the immense crop everywhere.

Mrs. Sarah Jameson and Miss Mary Roberts, of Toronto, Canada, were the guests of Mr. and Mrs. William Bundy, in Carthage this week.

## APATHY WAS PUT ON RUN

Spectacular Torch Light Procession Was Fitting Climax to a Great Day

Many Bands in Line and Procession Proved a Beautiful Spectacle

Well, old General Apathy, and all his forces were routed yesterday, and they beat a hasty retreat in confusion, when the climax of the day was reached by the great torch light procession of the Republicans of this city last night. Four bands were in line, the city band, Sumner band, Arlington band and Glenwood band, together with a drum corps composed of high school boys, and they beat about the city and blew their trumpets until the walls of stoicism and the doctrines of Zeno fell in ruins.

All of the men in line were provided with many colored torches, Roman candles and sky rockets, and as the procession came down the hill on North Main street, with the playing of bands, the firing of anvils, shooting of fireworks, the shouts of the small boy, wild with joy, all in time and in step with the martial music of the drums, it was indeed a beautiful spectacle—the kind that causes chills to play tag up and down your back.

Many farmers remained in the city after the Fairbanks and Griffiths meetings to see the parade, and many came in on the traction line from both directions. The downtown streets were crowded until a late hour, and everybody seemed to be happy. It was the first indication that we are on the eve of a great election, and it was the sort of a celebration that leaves a good taste in one's mouth.

One of the Grand Marshals' of the parade, last night, (a lad about 16 years of age) was riding a horse which became wild when the bands began to play and the men in line began firing skyrockets, and he bucked and pranced, until it would have been impossible for even a taxidermist to mount him—and keep his mount. The boy had just lighted a Roman candle, and the horse started out of line, and raced down West First street, with balls of fire from the Roman candle flying everywhere. One struck Delaney Bradford full in the back, as he beat a hasty retreat into his restaurant. The boy had the parade all "balled up" for a short time, and finally hitched his horse down an alley and marched with the crowd.

## SENDING WARNING BY THE POST CARD ROUTE

The national Republican Congressional committee is sending postal cards to Republicans in Indiana, warning them that "there is great danger through apathy of losing the next House of Representatives. The cards say:

"It was lost in 1890—an off year between presidential elections—and in 1892 the Democrats gained President, Senate and House, and the people got the Wilson-Gorman tariff and ruin."

"This is an off year between presidential campaigns, and through apathy, there is danger of repeating the experience of 1890 and 1892."

"Democratic success on Nov. 6th, means an end to prosperity. Don't risk it, Republicans."

"Don't fail to vote and see to it that your neighbor votes with you."

## FAILED TO FILE THEIR NOMINATION CERTIFICATES

Democrats in Orange Township Will Have to Use Pastors

The Democrats of the county did not nominate a ticket in five townships, and failed to file certificates of nomination for Orange township. But a law provides that they may use "pastors" (a gummed ticket to be pasted by the voters on the regular ballot) in event nomination certificates are not filed in time. But each square, opposite candidate's name, must be crossed. The Orange township ticket calls for two justices of peace, constables and township advisory board. The Republicans did not offer a township ticket in two townships.

### BY THE WAYSIDE

We print herewith a "beautiful" piece of prose by that inimitable "village cut-up,"—"Scalby" Linville. It's a bit of Twainism, from his observation of a first trip to Connersville on the I. & C.

"All aboard for Connersville."

Talk about your seal skins and diamonds the inland city of Connersville is the limit. Going over on an I. & C. car, I noticed an awful "jam" of men, women and children standing where the car stopped. Well, I thought there surely must be great public speaking going on in town that day, but later found that they were there watching for the great Red-line to arrive. Well, when the car got ready to leave only two people got on, an old man and woman from there, bringing butter and eggs over to the Rushville market.

It was a sight to see. Some stores had already closed and others were closing as fast as they could, and men came running out of barbershops, with their faces covered with lather and the towels about their necks. And before we left I heard one woman say to another: "Don't get on there; they haven't hitched up yet." Expecting to see them go out of there with horses to them. But the worst feature of all was a store keeper, who, while waiting for a car to come in, let a barrel of pigs feet sour.

Coming on down the line we took on two women at stop 13, who got on, took their hats off and fell to the seats. In getting on one man stepped on the other man's foot and he said: "You do that again and I will knock you down." The conductor heard the last part of their talk and came running up and said: "If there is any knocking down to be done on this car, I will do it myself." That quieted everybody. Well, as we are about to the power house and I have to get off, if I have the power to do so, I will leave you in the hands of the Red-line and the city of sealskins and diamonds. Watch the November edition.

Rev. W. P. McGarey left for Spring Hill, yesterday, where he will assist the local pastor in a series of revival meetings, in progress there.

## ROWDYISM CELEBRATION

Halloween Marked by Attack of Rowdies Who Commit Violence

A Melee That Bordered on a Riot Occurred Last Night

A melee, that bordered on a riot occurred near the terminal station last night, and a number of young men were painfully injured. It was difficult to ascertain how the fight started, but eye witnesses claim that a crowd of young men deliberately attacked several others, without cause, using knives, rocks, brick bats and their bare fists.

Of the crowd that alleges to have been attacked, Charles Berry, an employee of the People's bakery, received several cuts about the body and face, and suffered a severe blow in the eye which blackened it.

Fred Cook was knocked down, struck in the eye, and received a cut on the forehead and neck.

Benny Sparks received a number of bruises about the body.

Harry Brown and a boy named Owens sustained a number of painful bruises, either being hit with clubs, rocks or struck down with a blow from a bare fist.

Willie Ferguson was attacked but managed to knock his assailant to the ground.

Several others received bruises and wounds on the body, and it is no small wonder that some one was not seriously injured or killed.

But the goblins, in the form of big sturdy policemen will "get" the "bad boys," and the police and Deputy Prosecutor Kiplinger has the matter under investigation and arrests will surely follow.

### CHURCH NEWS

Greensburg News: "Mrs. Grace Vansickle, of Indianapolis, died at the home of her uncle, William Scudder, at Downeyville, Wednesday morning at 4 o'clock with scarlet fever. She came down Saturday evening to attend the funeral of her cousin, Mrs. Ethel Thorp, and on Monday was taken sick with scarlet fever. The remains were buried today, without funeral, on account of contagion of the disease." Mrs. Vansickle formerly lived in Milroy, and had many friends in this city.

**THE FAIRBANKS ITINERARY**  
Strenuous Day will Close at South  
Bend Tonight.

Indianapolis, Ind., November 1.—  
The itinerary for the vice-presi-  
dent's trip for today and the remain-  
der of the week included, follows:  
Thursday—Ridgeville, Hartford City,  
Marion, Wabash, Huntington, Roch-  
ester, Argos, Knox, Valparaiso, Ham-  
mond, Michigan City, Laporte and  
South end.

Friday—Elkhart, Goshen, Warsaw,  
Peru, Logansport, Kokomo, Frankfort,  
Delphi, Lafayette, Crawfordsville,  
Rockville and Terre Haute.

Saturday—Jas. E. Watson, Odon,  
Bedford, Mitchell, Shoals, Washington,  
Vincennes, Princeton, Oakland City,  
Elberfeld and Evansville. The vice-  
president will wind up the campaign  
at Evansville, while Senator Beveridge  
is closing it for the Republicans in  
this part of the state.

In this county the Democrats are  
making a much better finish than  
was expected of them several months  
ago. In fact, it would not be surpris-  
ing if they should elect two or three  
of their candidates although it has

not seemed probable up to this time.  
It is conceded that Albert Salm has  
a good chance of being elected against  
Robert Bryson, Republican. Salm is  
one of the most popular Germans in  
Indianapolis and they are working  
hard for him. He may run 1,200 ahead  
of his ticket. Elliott Hooton, for treas-  
urer, and Frank Fishback, for treas-  
urer, are now believed to have a fair  
chance of overcoming the big Repub-  
lican majority in favor of their oppo-  
nents. Chairman Theodore Davis has  
made a more conscientious effort to  
organize the Democrats than anyone  
else has given to it for many years.  
He has worked day and night and has  
enlisted the support of a large number  
of Democrats who have not taken an  
active part in politics for a long time.  
He has conducted a clean campaign  
and while there has been some com-  
plaint among the party workers that  
he is not practical and has not fol-  
lowed the well-beaten paths that have  
been followed here for many years it  
would not be surprising if his style  
should prove a source of great  
strength to his party. There is not  
much chance for a victory for the  
local Democratic legislative ticket in  
spite of the report that some of the  
special interests assailed by Governor  
Hanly are fighting the Republicans.

The opposition to the movement to  
establish a company to furnish cheap  
artificial gas here received a knock-  
out blow from the United States su-  
preme court which decided that there  
was no ground for a review of the  
decision of the United States court  
of appeals, which several months ago  
declared that the city had a right to  
exercise an option on the plant of the  
Consumers' Gas and Trust company  
which was wanted by the Citizens'  
Gas company for its project. The  
Citizens' company received a franchise  
from the Holtzman administration last  
year to furnish gas at sixty cents a  
thousand feet. The city gave it an  
option on the abandoned property of  
the Consumers' company which was  
also desired by a coterie of local cap-  
italists headed by John P. Frenzel.  
Mayor Bookwalter refused to recog-  
nize the option given by Mayor Holtz-  
man and suit is now pending in the  
superior court to settle the controver-  
sy. The promoters of the cheaper  
gas movement believe, however, that  
Mayor Bookwalter will not be sus-  
tained, and that, as a result of the  
decision of the United States supreme  
court it will be enabled to get pos-  
session of the Consumers' property  
and soon begin the establishment of  
its own plant.

From the talk around the places  
where the voting machines are being  
shown to Marion county voters, and  
explained, it seems that there will be  
a great deal of scratching done here  
if the voters can manipulate the ma-  
chines properly. Those in charge of  
the machines say that almost every  
one who is seeking information con-  
cerning the machines is asking how to  
vote a mixed or scratched ticket. It  
is not supposed that every one who  
asks for this information will scratch  
their ticket, but it is thought that a  
very large proportion of them will.

State Statistician Stubbs has com-  
pleted a bulletin comparing the busi-  
ness of the traction lines in Indiana  
in 1905 and 1906, showing there has  
been an enormous increase this year.  
The gross earnings in 1905 were \$6,  
737,730.22; in 1906, \$8,712,775.72; net  
earnings 1905, \$2,978,702.65; in 1906,  
\$3,161,319. The increase in freight  
business amounted to over \$400,000.

**Responsibility of Employers.**  
Ottawa, Ont., Nov. 1.—The coroner's  
jury which has been investigating the  
death of strikers killed in the riots at  
MacLaren's mills has announced a  
verdict. Criminal prosecution of Al-  
bert and Alexander MacLaren, the  
millionaire lumbermen, is recommen-  
ded. The verdict declares that they  
are responsible for the deaths because  
they brought the detectives here who  
fired the fatal shots.

**Students Give Up.**  
Appleton, Wis., Nov. 1.—Three hun-  
dred striking and suspended Lawrence  
university freshmen and sophomores  
have capitulated. Peace envoys were  
sent to President Plantz to announce  
that they were prepared to pay \$27  
assessed by the university for dam-  
age done to college property during  
recent class affairs. The money was  
paid and the students were reinstated.

**A STRENUOUS WEEK**

The Vice President Will  
Travel More Than 1,000  
Miles In Indiana

**GREAT ENDURANCE TEST**

During Four Days Mr. Fairbanks  
Is Scheduled to Speak For  
Twenty-Eight Hours.

This Will About Equal the Most  
Strenuous Record of  
Mr. Bryan.

Indianapolis, November 1.—The  
printed itinerary for the Fair-  
banks special shows that the vice-  
president will travel 1,025 miles in  
four days. The Bryan special traveled  
908 miles in three days, but the vice-  
president will make nearly twenty  
more speeches than the great com-  
moner. The vice-president's train  
traveled 169 miles Wednesday, and he  
made nine speeches; today he will  
travel 318 miles and make twelve  
speeches; on the third day, 283 miles  
and he will make twelve speeches; on  
the fourth, 255 miles; thirteen  
speeches. The itinerary shows that  
the vice-president has been assigned  
to talk for a total of twenty-one hours,  
exclusive of the four night meetings  
at which his speeches will probably  
average an hour and a half each. Ap-  
proximately, he will speak for twenty-  
eight hours in four days which will  
about equal anything that Bryan has  
done in this state. Chairman Will  
Hayes, of the Republican speakers'  
bureau, has charge of the special  
train. Chairman Goodrich is not tak-  
ing the trip as he will remain at the  
headquarters to devote his time to  
the final details of the campaign.

**INDIANA CROP REPORTS**

**State Statistician Furnishes Some In-  
teresting Figures.**  
Indianapolis, November 1.—Crop  
reports, just completed by Joseph  
H. Stubbs, chief of the Indiana  
bureau of statistics, shows that the  
total wheat yield of the state this  
year is over 40,000,000 bushels, about  
13,000,000 more than last year. This  
brings up Indiana as a wheat produc-  
ing state, after a "retracement" of some  
ten years. The acreage in wheat was  
2,105,197 as compared with 1,643,258  
acres last year; and the average yield  
per acre increased from 16.91 bushels  
to 19.01 bushels.

Both the corn and the oats crops  
are smaller this year than last. The  
oats crop is smaller by about 20,000,  
000 bushels, and the corn crop by  
about 5,000,000 bushels. The corn crop  
this year is about 165,000,000 bushels as compared with  
about 169,000,000 last year. The acre-  
age decreased from 4,033,680 to 4,020,  
232 acres and the average corn yield  
decreased from 42.11 bushels to 41.06  
bushels per acre.

The oats yield this year was 49,727,  
767 bushels as compared with 69,595,  
463 bushels last year, the acreage  
decreasing from 1,972,276 to 1,787,103  
acres, and the average yield per acre  
decreasing from 35.29 to 27.83 bushels  
per acre.

**The New Fiscal Year.**  
Indianapolis, November 1.—The  
state officials made their regular  
quarterly reports today, closing up  
this fiscal year, at the same time. It  
was the making of the quarterly re-  
ports that started the so-called reform  
wave about a year ago, landing David  
E. Sherrick, ex-auditor of state in the  
penitentiary and has not stopped yet.  
Two of the present officers, Warren  
Bigler, auditor of state, and Fred  
Sims, secretary of state, turned in  
some interest on their settlement,  
today. The amounts were not consid-  
erable, but the principle was what  
they were contending for. Every 1906  
appropriation ceased at midnight last  
night, and every item of expense, from  
the erection of a new building to the  
buying of a postage stamp today came  
out of the new year's appropriation.  
Moneys left in the various funds yes-  
terday, reverted to the general fund,  
and cannot be taken from there with-  
out another appropriation by the leg-  
islature.

**Paralytic Woman Cremated.**  
Bluffton, Ind., Nov. 1.—Mrs. Richard  
Hunter, a paralytic, fifty-eight years  
old, was literally roasted alive by a  
fire which started from a match which  
she used in lighting her pipe. She  
was unable to help herself, and before  
assistance came, in answer to her  
cries, she received fatal burns. She  
was sitting in a chair and lighted the  
match under her chair, the flames  
catching in her cushion. When her  
mother found her the flames were  
shooting above her head.

**A Mysterious Tragedy.**  
Madison, Ind., Nov. 1.—Henry Ad-  
cock, nineteen years old, arrived in  
West Madison from Scioto. He was  
intoxicated and he had been beaten by  
parties unknown. He retired at 10:30  
p. m., and this morning he was found  
dead in bed.

Bloomington, Ind., Nov. 1.—Elmer  
Hoadley, aged forty, a prominent op-  
erator in the stone belt, committed sui-  
cide at his home in this city. Mr.  
Hoadley had been in ill health.

**DEATH OF JUDGE GARY**  
Mayor, State Who Presided at Chicago  
Anarchists' Trials.

Chicago, Nov. 1.—Judge Joseph E.  
Gary of the superior court died sud-  
denly at his home in this city yester-  
day, of degeneration of the heart mus-  
cles. Judge Gary had been a member  
of the Cook county bench for forty-  
three years and was the oldest judge

JUDGE GARY.

In point of service as well as in years.  
He occupied a judicial position for a  
greater length of time than any man  
who ever sat on the bench in this por-  
tion of the state. Judge Gary made a  
national reputation at the time of the  
anarchist trials in 1886, over which he  
presided. As the presiding officer at  
that trial he was repeatedly threat-  
ened with death by anarchist sym-  
patizers and showed wonderful physical  
as well as high moral courage during  
a very trying experience that contin-  
ued for many months after the anarch-  
ists had been executed. He was born  
in Potsdam, N. Y., in 1821.

**Caught by Decoy Letter.**  
St. Louis, Nov. 1.—After evading  
the law for more than two years, be-  
ing chased from city to city by offi-  
cers, Robert Sassman of St. Louis,  
wanted on a charge of having mur-  
dered Carl Miller of Holden, Mo., was  
brought to St. Louis yesterday by offi-  
cers who arrested him Saturday in  
Chicago. A decoy letter was mailed  
to him and he was arrested when he  
called at the general delivery window  
of the Chicago postoffice. For some  
time he had been employed in Chicago  
as a painter of church steeples. He  
was taken to Warrensburg, Mo.

**Hering Faces Trial.**  
Chicago, Nov. 1.—The application of  
Charles W. Hering, formerly cashier of  
the Milwaukee Avenue Savings  
Bank, of which Paul O. Stensland was  
president, for a change of venue from  
Cook county, was denied. The trial  
will now proceed and the selection of  
a jury is in progress today. The  
charges against Hering are forgery  
and embezzlement.

**Charges of Conspiracy.**  
Chicago, Nov. 1.—Evidence tending  
to show that the leading grain eleva-  
tor companies of Chicago are in an  
illegal combination to control the  
grain warehouse business has been  
submitted to State's Attorney Healy  
with the request that it be laid before  
the next grand jury as evidence of a  
"conspiracy against trade."

**Changing the Measure.**  
London, Nov. 1.—The house of lords  
continues to make some far-reaching  
changes in the education bill, and in  
Liberal circles the opinion is expressed  
that if the opposition continues in  
its present spirit the bill will hardly  
be recognizable when it returns to  
the house of commons.

**William Reynolds Dead.**  
San Francisco, Nov. 1.—William  
Reynolds, a well-known composer and  
musical director, is dead at the Lane  
hospital, after a short illness. "The  
Sweetest Story Ever Told," and "Nan-  
cy Brown" are two of his most suc-  
cessful songs.

**VERMONT STIRRED**

Meat Scandals Cause a Great  
Sensation Through-  
out State.

**OFFICIAL CONNIVANCE**

Indictments Allege That Former  
Members of Cattle Commission  
Participated in Iniquity.

The Sale of Diseased Cattle Was  
Conducted With Their Knowl-  
edge It Is Alleged.

Burlington, Vt., Nov. 1.—Sensational  
charges were made in ten indict-  
ments which were returned by the  
Chittenden county grand jury in con-  
nection with the sale of diseased cat-  
tle in the state. According to the in-  
dictments two former members of the  
state cattle commission participated  
in those sales with a full knowledge  
that such cattle would be used for  
food.

Four of the indictments are against  
the Consolidated Rendering company.  
They contain 400 counts. Four addi-  
tional indictments are against L. E.  
Brigham, manager of the Burlington  
Rendering company. This company is  
controlled by the Consolidated com-  
pany, and the indictments against  
Brigham are identical with those re-  
turned against the Consolidated com-  
pany.

The most sensational disclosures  
were made in the indictments which  
were returned against Dr. F. A. Rich,  
a veterinary of this city, and Victor  
L. Spear of Randolph, both of whom  
were members of the state cattle com-  
mission. Spear's term expired about  
a year ago and he was not reappoint-  
ed. Rich was removed from the com-  
mission by Governor Bell just before  
the latter retired from office. The in-  
dictments against the Consolidated  
company and Brigham charge the sale  
of diseased meat in the state and also  
the shipment of such diseased meat  
out of the state. Rich and Spear are  
charged with selling diseased beef,  
which they had previously condemned,  
to the rendering companies. All de-  
fendants furnished bonds for their ap-  
pearance at the March term of court.

Before the grand jury reported,  
Judge Rowell imposed a fine of \$3,000  
on the Consolidated Rendering com-  
pany for its failure to produce before  
the grand jury certain papers and  
memoranda which had been demand-  
ed. The defendant, in contesting the  
charge of contempt, maintained that  
the papers had been destroyed prior  
to the investigation. Judge Rowell  
overruled the motion to dismiss the  
case and imposed the fine. In expla-  
nation of his failure to make the fine  
the maximum allowable under the  
statutes, the judge stated that in fix-  
ing the penalty he had in mind the  
fact that there are further means of  
punishing the company. It was learn-  
ed later that the Vermont law pro-  
vides that a company found guilty of  
the charges which are pending against  
the Consolidated company may be per-  
manently prohibited from doing busi-  
ness in the state.

**"Thoroughfare" Disaster Grows.**  
Atlantic City, N. J., Nov. 1.—The  
third and last car of the "Thorough-  
fare" wreck was lifted from the water  
last evening. A squad of officers made  
a diligent search for any bodies that  
may have been wedged in the car, but  
found none. Mystery surrounds the  
disappearance of several persons who  
were known to have been on the train.  
Their bodies are either held in the  
thick mud or have floated down with  
the tide. The local officials say the  
total death list is sixty-two. It is  
contended by some that the total loss  
of life was about seventy.

One day last week Frank Boring was husking corn near Farlow's place and put his dinner on a corn pen ten rails high and the dog climbed on the pen and quickly ate Frank's dinner up, causing him to walk a mile and a half to dinner. It is decided that the dog likes something extra once in a while. Our corn huskers were too busy to attend the great rally at Rushville Wednesday.

## DANGERS FROM DYSPEPSIA

### Imperfect Digestion Most Profitable Cause of Serious Disease

Few people seem to realize the real dangers in disturbed, deficient or defective digestion.

While health reports do not give indication as a cause of death, yet it is in reality often fatal, as it so weakens the stomach that one becomes readily susceptible to an attack of typhoid fever, kidney disease, nervous prostration or other serious or fatal disease.

At the first symptoms of indigestion, Mi-o-na stomach tablets should be used. If there is a feeling of heaviness in the stomach, distress after eating, nervousness, dizziness, nausea, headaches, sleeplessness, pains in the side and limbs, specks before the eyes, or a peevish, irritable condition, with debility and weakness, begin the use of Mi-o-na at once.

It will build up the stomach and digestive organs so that you can eat anything at any time without fear of distress or indigestion.

A 50 cent box of Mi-o-na tablets will, in most cases, give prompt relief and cure, although in chronic and long-standing weakness of the stomach, two boxes or more are sometimes needed, but F. B. Johnson & Co. guarantee Mi-o-na will cure, in all cases, no matter how chronic or serious, or money will be refunded. You run no risk whatever in buying Mi-o-na.

To put into your pocket. We mean of course, the money you can save by getting your Abstract of title, loans and insurance of us.

Our Raincoats par-

along the lines of the  
most stylish Fall  
overcoats. The fact  
that they throw off  
water like a duck's  
back, is really only  
an incident in their  
service. They may  
as properly be don-  
ned for street wear  
in sun-shiny weath-  
er, or over evening

## AMUSEMENTS

A high class entertainment will be  
given by The Eva Bartlett Mace-  
Company, which appears at the Chris-  
tian church Friday evening, Nov. 2,  
the second number of the regular lec-  
ture course. The company is com-  
posed of four of the finest artists in  
their line now on the platform, and  
each has an international reputation.  
Miss Macey is easily the peer of any  
entertainer now before the public, and  
this city has never had the pleasure of  
hearing any one surpassing her. If a  
vote were taken to determine the most  
popular musical instrument, no doubt  
the violin would easily attain first  
place, with the harp a close second.  
Hugo Hjertstedt, violinist, and H. J.  
Williams, harpist, could not come to  
us better recommended and patrons of  
the course may with confidence count  
on a musical treat of the rarest qual-  
ity, supported as they are by Mrs.  
Williams, a brilliant and versatile  
soprano, who has never failed to cap-  
ture the hearts of her listeners.

Lincoln J. Carter's "The Fast  
Mail" is the attraction at the opera  
house on Monday, Nov. 5th. This  
drama is so well known that a descrip-  
tion is hardly warranted. Aside from  
the fact that as a scenic production it  
has never been surpassed, it is a good  
play with a powerful heart interest,  
and bright refreshing comedy. Few  
men have Mr. Carter's ability to plan  
and carry out the ideas for sensation-  
alism in scenic displays. He made  
himself famous by the wonderful train  
effect in "The Fast Mail." Not con-  
tent with one big stage wonder, he  
planned a steamboat explosion, and a  
Niagara Falls scene for "The Fast  
Mail." With a new production com-  
plete this season Mr. Carter can ex-  
pect our city to turn out in force.

Disabled Foot ball players.

er of the Enquirer, an Associated Press  
man, and two Chicago newspaper re-  
porters.

#### A JOKE FOR SMOKERS

Try it on Your Bald-Headed  
Friends and Have a  
Laugh

If you smoke a cigar that burns with  
good solid ashes that will not fall off  
until the cigar is half smoked up, such  
a cigar as the Wadsworth Bros. Chiccos,  
sold by Thos. W. Lytle, you can have a  
good joke on some bald headed friend.  
Where there is an inch or two of ash  
on the end of the cigar just let it fall on  
the bald head and see how high it can  
jump. The ashes are not hot enough to  
burn, but they are warm enough to be  
felt.

The Chiccos are a real ten cent Havana  
filled cigar that Thos. W. Lytle sells  
for a nickel, and is the only 5c. cigar  
where the ashes are firm and solid like  
those of expensive grades. You will  
enjoy a Chicco anyway, so try one and  
see how good it is.
